$\qquad$

## WHAT GRADE DO I NEED to pass for the 1st Semester?

Directions: Take your $1^{\text {st }}$ and $2^{\text {nd }}$ six weeks averages and subtract from the following numbers to see what average you need to pass the first semester.

| Column A <br> CLASS | Column B <br> My 1st six weeks grade | Column C <br> My 2nd six weeks grade | Column D <br> Total points so far (B+C) | Column E <br> What I need to pass the class with a 70 (210-D) | Column F <br> What I need to pass the class with a "B" (243-D) | Column G <br> What I need to pass the class with an "A" (273-D) |
